12. SCORING

A) All matches will begin by THROWING THE CORK. In throwing for the bull, the visiting team throws first, thereafter, bull shots alternate. In the case of a tie, the bull shot will be re-thrown, with the player who shot first throwing second. This will continue until someone wins the bull

shot. The second shooter has the option of asking for either a single or double bull to be pulled and put to the outside of the board for the second shooter to throw. (The dart must remain in the board, in order to count.) Additional throws may be made when throwing the cork, until such time as the player's dart remains in the board. Should the second thrower dislodge the dart of the first, a re-throw will be made with the second thrower now throwing first. Re-throws shall be called if the person scoring cannot decide which dart is closest to the bull, or if both darts are anywhere in the inner bull, or both darts are anywhere in the outer bull. A double bull constitutes a win over a single bull. The decision of the score keeper is final. Should a re-throw be necessary, the person who shot second will now shoot first. In any doubles or team event, the person throwing the bull does not have to be the first player throwing.

B) The captain of each team is responsible for providing a score keeper for each match. The home team shall keep score of the games that are odd: 1, 3, 5, 7, etc. Any person scoring who is not a member of one of the teams playing must be agreed upon by both captains and must be familiar with and follow explicitly the Amarillo Dart Association Rules & Regulations.

C) The score keeper must face the score board during the time that any player is throwing his/her darts with as little movement as possible. Moving during or in-between a player's three (3) throws can be distracting to the player and should be avoided at all times. If this occurs with a score keeper, a player can ask for a new score keeper, with his/her team captain's approval. *(Revised 3/98).*

D) The foul line will be strictly enforced. If a player has one or both feet over the foul line in the judgment of the captain, acting captain or official, the score for that turn will not count. A violating player must be warned immediately by the captain, acting captain, or official. All spectators of a match in progress must stay behind the foul line at all times during the game being played. The captain and score keeper will be responsible for patrolling this area. *(Revised 8/99).*

E) Any changes made to correct mistakes in calling the score must be corrected before the darts are pulled from the board. Any mistakes in scoring must be correct before the next turn of the player or team against whom the error was made, either in his/her favor or against. If the player or team against whom the error was made throws the first dart of his/her next round before the error is corrected, then the score stands as scored. The number thrown for is the number that counts. The score of each round must be written next to the running score.

F) The score keeper can tell a player what amount is left to attain and/or what has been scored with the darts that have been thrown, if asked by the player. It is the player's responsibility to throw at the right numbers. If he/she is told what to shoot by anyone and it is the wrong number, the darts stand as thrown and the correct score prevails. Once the final double has been thrown in any 01 game, the game is over.

G) BUST RULE-In 901, 701, 501, & 301, a player must throw a double to win the leg. (If a player has 20 left, he must throw a double 10 to win.) A player "busts" when, with three darts or less, they:

Have a remaining score of one, or

Have a remaining score of zero without ending with a double, or

Have scored more points than what they had remaining at the beginning of the throw. *(Revised 2011)*

When a "Bust" occurs, the score remains as it was prior to their throw. The next opposing player then takes their regular turn.

*Note: If a player "busts" on his/her 1 or 2 dart, that player should not continue throwing the rest of his/her darts at the dart board. When the "bust" occurs, the player should STOP throwing and pull his/her darts from the dart board. *(Revised 3/98).**

H) A dart shall be scored where the point of the dart first penetrates the board. A dart's score shall be determined from the side of the wire at which the point of the dart enters the board. For a dart to score, it must remain in the board 5 seconds after the third dart has been thrown by the player. The tip of the dart point must be touching the bristle/sisal portion of the board in order for that dart to be counted as scored, called by the score keeper.

I) In doubles/team events, no player may throw (during a leg) until each of his/her teammates has completed his/her throw. The first player throwing out of turn shall receive a score of zero points for that round and his/her team shall forfeit such turn. Corrections may be made, if both parties involved agree.

J) All darts must be thrown by, and from the hand. A throw shall consist of three (3) darts, thrown one at a time, unless a leg/match is completed in lesser amount. Any dart bouncing off, or falling out of the dart board, shall not be re-thrown in that turn, or any other turn.

K) A dart shall be considered a thrown dart when it leaves the hand while in legitimate forward motion of throwing.

L) The scorer shall mark the board so that scores made are listed in the outer columns of the score board, and the totals remaining are listed in the two (2) middle columns.

M) A "T" shall be the only letter character allowed to designate a numerical score.

N) Quality points will be counted if a total of 95 points or more is scored in a player's turn. This will pertain to men and women.

O) Any quality points or cricket hits that are not written down on the score sheet during the match must be reviewed by both captains and their initials shall be the form of confirmation on the score sheet by the quality point and/or cricket hit.

P) Cricket hits will be nine (9) hits or six (6) bull's-eyes in a player's turn. Cricket hits will not count if that number has already been closed by the opponent. (Revised 2011).

13. FORFEIT

A) A forfeit can be declared for failure of a team to attend a match by the set time of play. (See *under Date and Time of matches.*)

B) A forfeit can be declared for a team having less than four (4) players in attendance by 15 minutes after designated time of play. (Revised 2011).

C) The score of a forfeited match will be 20/0. The forfeiting team shall receive zero (0) win points and nineteen (19) loss points. The team forfeited against shall receive nineteen (19) win points and zero (0) loss points. The team forfeited against will also receive the extra win point. This will give the forfeited against team a score of twenty (20) win points and zero (0) loss points. If a team with four (4) or more players are present and do not play the match, the score will be 20-0 with the forfeiting team receiving zero (0) win points and the team forfeited against receiving twenty (20) win points. (Revised 8/99).

D) A team forfeiting two (2) matches during a league schedule will be suspended from the league for the balance of the schedule. When a team drops out of the league, or is forced out of the league at any time during the season, all scores for the season against the dropped team shall become zero (0) wins and (0) losses to allow no advantage to be given to any team, and the remainder of the season shall be treated as a bye in regards to the team dropping out. Any season records/awards that occurred during any of these matches will remain in place, except by the team that is being dropped. There will be NO refunds on any of the dropped matches. (Revised 3/98).

E) Any team forfeiting either of the last two (2) regularly scheduled matches of a regular season without a legitimate excuse may be disqualified from that season's play-offs at the discretion of the Board of Directors.

F) A forfeit will be declared for the use of an ineligible player or players to the extent that all win points involving such players shall be forfeited to the opposing team or teams. Team captains must be responsible for the integrity of their team rosters and for ascertaining the eligibility of each member. When in doubt, team captains should contact the League Administrator for verification. A team that uses ineligible players may appeal such a forfeit and be heard by the Board of Directors, but that forfeit shall stand unless rejected by the Board of Directors.

G) Any team which knowingly and willfully plays a person known to be ineligible to play on that team shall forfeit, as a penalty, three (3) extra win points (*over and above forfeiture of any points won by that person*). In the event that a team shall violate this provision more than once in any season, the captain and the ineligible player shall be suspended from the Amarillo Dart Association for that season from the point of infraction until the end of the season, including all play-off matches.

H) Anyone caught playing on an accredited dart team under an assumed name shall be automatically suspended from the Amarillo Dart Association for two (2) consecutive regular seasons. Any captain who knowingly uses an illegal player shall also be suspended for two (2) consecutive regular seasons.

14. PLAY-OFFS

A) No play-offs shall begin until a final order of finish has been determined.

B) No play-offs shall begin until all protests have been heard by the Board of Directors and appropriate action taken.

C) The League Administrator and any appointed committee shall arrange all play-offs, with approval of the Board of Directors.

D) All play-off matches will be a "best of 38" format with full 19-game matches played. Separate rosters will be made out for all 19 game legs, with a 15-minute break between legs. Each 19-game match shall be the same as regular league. In case of a tie, one four person 901, (single in/double out) will be played as a tie-breaker. A woman **MUST** play on the tie breaking 901 game. (Revised 2011).

E) FINAL ORDER OF FINISH

The team with the best win-loss record shall be the first place team in the division; the team with the second best win-loss record shall be the second best team, and so forth. Win-loss records shall be the percentage achieved by dividing the total games won (less any penalty points assessed) by the total win-loss points and rounding off to the third decimal point.

1) In the event that at the end of the regular season play any two teams in the same division have identical win-loss records, the League Administrator Committee will arrange a tie-breaker match to determine the final order of finish.

2) In the event that at the end of the regular season play more than two (2) teams in one division have identical win-loss records, the League Administrator will arrange a round robin tie-breaker match, with the Rules Committee being responsible for drawing up the rules of play for the match, and setting forth the criteria for determining the teams' order of finish.

3) No tie-breaker matches will be played if the teams involved will not be in the play-offs or move up or down in division.

F) Each play-off game will be played at the highest team's home bar. If a scheduling conflict exists (making it impossible to play at the bar), then the match will be played at the opposing team's home bar. In the case that a conflict exists at both teams' home bars, then the highest-ranking team has the option of choosing another location to play. (*Revised 8/98*).

G) Each team is required to play their female player in all play-off matches. If she is not played twice on each score sheet, the team will be penalized one (1) game point for each violation of this rule. (*Revised 8/99*).

H) All players that play in the play-offs will be required to play at least 1/3 of the matches during the scheduled season to be eligible to play in the play-offs. This will include women. Any player that does not meet this requirement shall forfeit all games that are played. There shall be a one (1) game point penalty for each game played for the player that is in violation of this rule. (*Revised 8/99*).

I) The Amarillo Dart Association is to have a Board of Director or a representative of the Amarillo Dart Association that is not playing present at all play-off matches to referee the matches. In the event that there are not Board of Directors available, (due to playing in matches with their own teams), the captains will be responsible for the smooth running of the match. (*Revised 8/99*).

15. PROTEST

The captain of any team and/or member of the Board of Directors may file a written protest about any irregularity relating to an ADA sanctioned event. The opposing team captain will be notified that the match is being played under protest from that point on. All details of such a protest will be submitted to the Board of Directors and to the opposing team within 48 hours. A protest hearing is to be set up and both team captains notified within seven (7) days of the protest. Attendance at these hearings is to be limited to the two (2) teams involved and members on the Board of Directors. Failure of the defendant to appear at the hearing will be considered a plea of no contest. If the incident occurs during a match, the word "PROTEST" MUST be indicated on the score sheet and signed by both captains. Any action of the Amarillo Dart Association Board is to be taken within seven (7) days of the hearing and will be submitted in writing by the President. Extenuating circumstances may exist which would nullify these requirements.

NOTE: A protest not handled in the manner described above will be considered by the Board of Directors in any action that will be taken.

16. EQUIPMENT (*Revised 2011*)

A) All league competitions, including tournaments and play-offs, shall be conducted on a standard English "bristle" 20-point clock-faced dart board of top quality.

17. ENVIRONMENT

It is the pub owner and the team captain's responsibility to see that normal pub-type environment is maintained during league play. Excessive noise, loud machines near the dart area, and extremely loud and boisterous behavior should be avoided. Repeated offenses of this nature may result in the pub being suspended from the Amarillo Dart Association. If such loud noise is a result of live entertainment or regular activity normally provided by or attendant to the business of the pub, then it may constitute an exception to this rule.

18. PLAYER CONDUCT

A) Any member or team who, by their actions, bring discredit upon the Amarillo Dart Association, a sponsoring establishment and/or sponsor may be subject to sanctions against him/her or team. These sanctions may include reprimand, forfeiture of points in league standings, suspension, or revocation of membership. Player conduct will also include any written dis-accreditations to Amarillo Dart Association. First offenses of this type nature will result in suspension from the ADA up to two (2) years. Offenses thereafter will result in permanent termination from ADA. (Revised 2011).

B) Heckling or other harassment is forbidden. A team may make as much noise as it wants while it is throwing, but it must remain quiet while the other team is throwing. All players and spectators must give the player plenty of room to throw, and must refrain from undue movement in or near the dart board lane. Repeated harassment or loud, foul language may result in forfeiture of up to six (6) match points. Physical abuse will not be tolerated and can result in suspension or termination as deemed by the Board of Directors.

C) The following is a list of infractions that come under the heading of CONDUCT. This is not all-inclusive and any infraction that falls under CONDUCT may be considered.

1) There will be no throwing of darts in anger or in a manner not intended for play where a person might reasonably be expected to be harmed. First offense will be a written warning. Second offense will be suspended from the following week of play. Third offense will be decided by the Board of Directors.

2) Theft of personal property.

3) Non-payment of obligations: Amarillo Dart Association Membership fees, Amarillo Dart Association weekly dues, or Amarillo Dart Association products. If a check is rendered for payment and is returned for "insufficient funds" or "account closed," this is to be considered non-payment. A surcharge will be assessed on all returned checks; this fee will be determined by what the bank is charging at the time and the Association will provide documentation for all charges. (Revised 2011).

4) Any attempt to cheat during a match: i.e., attempting to learn an opponent's lineup before both sides of the score sheet are filled out, altering score sheets without the initialed approval of the opposing captain, reporting results in an erroneous manner, falsely reporting quality points, cricket hits, highs, lows, ins, outs, etc.

5) Any conduct that causes destruction of personal property whether of an individual or a sponsoring establishment.

2. All players/teams will play by these Tournament Rules and, where necessary, any supplemental Rules stipulated by local Tournament Organizers.
3. The interpretation of these Tournament Rules, in relation to a specific darts event, will rest with local Tournament Organizers, whose decisions shall be final and binding. Protests after the fact will not be considered.

5. Gambling is neither permitted nor sanctioned by the ADO.
6. The ADO will in the course of Tournament Sanctioning, ensure to the best of its ability, that the host/sponsor organization has the funding and/or sponsorship necessary to support the advertised cash prize structure for a darts event. The manner and matter of tournament prize payments are the responsibility of the respective host/sponsor organization and not that of the ADO.
7. The ADO assumes no responsibility for accident or injury on the premises.
8. The ADO reserves the right to add to or amend the ADO Tournament Rules at any time.

22. A dart bouncing off or falling out of the dartboard will not be re-thrown.

STARTING AND FINISHING (ALL EVENTS)

23. All Matches will begin with a coin flip to determine who has the option to throw 1st or 2nd at the Inner Bull. The player throwing closest to the Inner Bull will throw first in the 1st Leg. The Loser of the 1st Leg has the option of throwing for the Inner Bull first in the 2nd Leg. If the 3rd Leg is necessary, the Inner Bull will again be thrown, with the loser of the original coin flip having the option of throwing first.

24. The second thrower may acknowledge the first dart as an Inner or Outer Bull and ask for that dart to be removed prior to his throw. Should the first dart be removed without the request of the 2nd thrower, a re-throw will occur; with the 2nd thrower now having the option of throwing first. The dart must remain in the board in order to count. Additional throws may be made, until the player's dart remains in the board. Should the 2nd thrower dislodge the dart of the 1st, a re-throw will be made with the 2nd thrower now throwing first. Re-throws shall be called if the Chalker cannot decide which dart is closest to the Inner Bull, or if both darts are anywhere in the Inner Bull, or both darts are anywhere in the Outer Bull. The decision of the Chalker is final. Should a re-throw be necessary, the darts will be removed and the person who threw 2nd will now throw 1st.

25. For the purpose of starting and finishing a Leg/Match, the Inner Bull is considered a double 25.

(DOUBLE/TEAM EVENTS)

26. It is permissible for the Doubles/Team player finishing a Leg, to throw for the Inner Bull and start the subsequent Leg. It is also permissible for one member of a Doubles or Team to throw for the Inner Bull 1st, and have his partner or teammate shoot first in the leg.

27. It is permissible for a Double or Team to participate with fewer than the required number of players, provided that the team forfeits a turn(s) in each rotation, equal to the number of missing players. The missing player(s) may NOT join a Leg in progress, but is allowed to participate in a subsequent Leg(s) of that Match.

28. At the tournament director's discretion, women may be recycled in mixed doubles and triples events only.

29. No substitutes will be allowed after the first round of Doubles/Team play.

SCORING

30. A scoreboard must be mounted within 4' laterally from the dartboard and at not more than a 45-degree angle from the dartboard. It must be clearly visible in front of the player at the hockey.

31. In all ADO sanctioned tournaments, you must have a Chalker if one is available. If one is not available, the player must leave the darts in the board until the score is recorded.

32. The Chalker will mark the scores made in the outer columns of the scoreboard, and the totals remaining in the two middle columns.

33. The Chalker, if asked, may inform the thrower what he has scored and/or what he has left. He MAY NOT inform the thrower what he has left in terms of number combinations. It IS permissible for a partner, teammate, or a spectator to advise the thrower during the course of a Match. See #1.

34. No dart may be touched by the thrower, another player, the Chalker, or spectator, prior to the decision of the Chalker.

35. For a dart to score it must remain in the board 5 seconds after the 3rd or final dart has been thrown by that player. The tip of the dart point must be touching the bristle portion of the board.

36. A dart's score shall be determined from the side of the wire at which the point of the dart enters the wire segment.

37. Should a dart lodge directly between the connecting wires on the dartboard, making it impossible to determine on which side of the wire the dart resides, the score shall always be the higher value of the two segments in question. This includes the outside double ring for the game shot. Determination as to whether the dart is directly between the wires will be made in Accordance with rules #34 and #36.

38. It is the responsibility of the player to verify his score before removing his darts from the board. The score remains as written if one or more darts has been removed.

39. In Doubles/Team events, no player may throw (during a Leg) until each of his teammates has completed his turn. The FIRST player throwing out of turn will receive a score of zero points for that round and his Team will forfeit the turn.

ADDITIONAL ADO '01' COMPETITION RULES

40. Errors in arithmetic stand as written, unless corrected prior to the beginning of that player's next turn. In case of Doubles/Team matches, such errors must be rectified prior to the next turn of any partner/player on that team.

41. A Leg/Match is concluded at such time as a player/team hits the 'double' required to reduce their remaining score to zero, unless otherwise stated by the local Tournament Organizers. All darts thrown subsequently will not count for score.

42. The 'BUST RULE' will apply. If the player scores one less, equal, or more points than needed to reach zero, he has "busted". His score reverts to the score required prior to the beginning of his turn.

43. Fast finishes such as 3 in a bed, 222, 111, Shanghai, etc., do not apply.

ADDITIONAL ADO AMERICAN CRICKET RULES

The following rules shall apply for ADO Sanctioned Cricket events, effective January 1, 1984.

44. Cricket is played using the numbers 20, 19, 18, 17, 16, 15 and both the Inner and Outer Bull.

45. To close a number, the player/team must score three of that number. The double and triple ring count as 2 or 3, respectively. Closure can be accomplished with three singles, a single and a double, or a triple.

46. Once a player/team closes a number, he/they may score points on that number until the opponent also closes that number. The double and triple count as 2 or 3 times the numerical values, respectively. All numerical scores are added to the previous balance. Once both players/teams have scored three of a number, it is 'closed', and no further scoring can be made on that number by either player/team.

47. To close the bull, the Outer Bull counts as a single, and the Inner Bull counts as a double.

48. Numbers can be 'owned' or 'closed' in any order desired by the individual player/team. Calling your shot is not required.

49. It shall be the responsibility of the player to verify his score before removing his darts from the board. The score remains as written if one or more darts has been removed from the board. In accordance with the inherent "strategy" involved in the Cricket game, corrections in arithmetic must be made before the next player throws. See #1.

50. Winning the game:

- The player/team that closes all the numbers first and has the highest numerical score, will be declared the winner.
- If both sides are tied in points, or have no points, the first player/team to close the specified numbers will be the winner.
- If a player/team closes the numbers first, and is behind in points, he/they must continue to score on any number not closed until either the point deficit is made up, or the opponent has closed all the numbers.

SCOREKEEPERS' ETIQUETTE

A few simple rules which cannot be repeated enough...

1. Never look at the thrower and most of all, don't follow the dart's flight with your head or even your eyes. Just stand still, facing somewhere between the score board and the dart board, looking at the latter, of course.
2. Don't move or lean toward the dart board until all three darts have been thrown. The only exception comes when a player asks you the score of a particular dart, one that you cannot see without approaching the board; then, and only then, should you do so.
3. Unless a player asks, don't give either the score or what is left after one or two darts. Don't say anything, in fact, until all three darts are in the board.
4. When all three darts have been thrown, call out the total score and confirm it with the player before his darts are pulled. Don't take anyone's word for the score, add it up yourself. Don't worry about speed, because accuracy is far more important.
5. Always double-check your subtraction by mentally adding the score shot and the remaining total.
6. Above all else, don't move or jump around, wave your arms, slurp your beer, answer your cell phone, or make any other distracting movements while the contestants are shooting.

Dart shooters: Please remember that you are always responsible for the scores and subtraction. If an error is made, that's too bad, but don't put all the blame on the scorekeeper.

Last, but not least, remember to thank your scorekeeper, because good scorekeepers are indeed hard to find.

THE TEN COMMANDMENTS
For Keeping Score

1. Scorekeepers Shall Not talk while keeping score!
2. Scorekeepers Shall Not move about while keeping score---stand still!
3. Scorekeepers Shall Not look at the shooter---stand facing the board!
4. Scorekeepers Shall Not call out a score, of one dart or all three, unless the shooter asks you!
5. Scorekeepers Shall Not tell a shooter what to shoot or what combination to shoot for an out!
6. Scorekeepers Shall Not change a score unless it is brought to the attention of both shooters (teams).
7. Scorekeepers Shall Not change a score -regardless- if that player (team) has shot again and a second score written down. An error is a shooter's score **MUST** be corrected before he (team) shoots again or it stands.
8. Scorekeepers Shall Not lean out to see where a dart is or is going, nor shall he follow the darts with body or head movement!
9. Scorekeepers Shall Not show any sign or disgust or excitement while at the scoreboard!
10. Scorekeepers Shall Not change the side of the scoreboard of the player in three leg matches. If you start a player on the left side of the scoreboard, continue to keep his score on the left---regardless of what the bull shots are!
