

for the

Pull Together Ronald McDonald House

of Amarillo

The small tab you pull to open your can, can make a big impact for the families who stay at the Ronald McDonald House. While the aluminum can is valuable, the tab is made of purer, high-grade aluminum and can be more easily recycled.

Let's make a big impact by "pulling together" for families who make Amarillo's Ronald McDonald House their "Home Away From Home" at a difficult time in their lives.

The Ronald McDonald House recycles the tabs to generate funds to offset expenses. By collecting the tabs for the Ronald McDonald House of Amarillo, you will help care for families who stay at the House when their child is hospitalized because of a critical illness or injury.

One tab can seem insignificant, but together we can change an entire family, possibly more!
